

## Our Mission

Since its inception in 1990, the mission of The Patterson Society has been dedicated to the continued growth of the library's cultural and educational commitment to the community and region. The society is most impactful through its tireless fundraising, which supports library materials, programming, and special events.

### 2019 Highlights

In 2019, financial support from the Patterson Society facilitated the purchase of more than 800 library materials, and over 400 programs, classes and events - a rare feat for a small town library!
